

## EAGLE ID

### Night Vision Binoculars

The Armasight Eagle is a high-tech, tough and durable binoculars that delivers great performance, but at the lowest possible cost. Packed with features, the Eagle is a unit that is equally at home with the hunter as it is with the professional security officer or law enforcement professional.

Incredibly for such a low cost unit, the Eagle features manual brightness control, bright light shut-off circuitry and a spot/flood built-in IR illuminator. The Armasight Eagle is a night vision work-horse that will satisfy the requirements of the most demanding professional or casual night vision user with room to spare.
